

Engine-Expo , Stuttgart, Germany, June 12-14, 2012

Speaker: Roger Alan Benham, P.E.  
Radcor Engineering and Design  
BandMotor.com

Title: Band Motor Technology: Positive-Displacement Variable-Stroke Piston-Less  
Engine

Radcor Design Company is an engineering design company located in San Diego, California, USA. Roger Alan Benham, P.E., has a degree in metallurgical engineering from California Polytechnic University and a background in aeronautical and mechanical engineering.

Mr. Benham's efforts with the Band Motor™ began over thirty years ago with design work related to a CVT and a variable stroke engine.
