

Swiss Quality Made in East Europe

ABOUT US

MECATYP SA was established in 2001 with head quarter in Switzerland and has a successful business with its products increased from year to year.

In the 10 anniversary of establishment MECATYP SA has extended its activity in Kosovo under the name MECATYP KS located in Ferizaj/Republic of Kosovo.

Production from this unit in Kosovo has destination Switzerland, Country of Europe and American Market.

It's worth mentioning that the global crisis has had no impact on productivity of MECATYP KS. In total MECATYP SA has produced more than 18 000 000 pieces from the year 2001 until now, from this quantity MECATYP KS has produced 35 % of pieces.

MECATYP KS has very qualified personnel and its park machine has very precise machines, like a TORNOS DECO, BROTHER, etc,

Supply of raw material became from West Europe and it is guaranteed to save the quality and precision of parts.

OUR VISION FOR PRECISION . . .

MECATYP KS has very qualified personnel with long experience in this field, producing mechanical parts of high technology. Its structure is organized with three qualified teams and is also known for flexibility. MECATYP KS is known for using complex raw materials also using high technology to produce parts for use in the area of medicine, auto industry, mechatronics, aeronautics, etc.

Based on its experience and quality, MECATYP KS aims to increase the number of precision machines and areas of production.

From established time in 2011, MECATYP KS has offered production and assembly for its clients. Also, this has been made in the shortest time possible so that customers remain satisfied.

MECATYP KS aims to be nearest to the needs of clients using its operational experience and expertise (know-how).

MACHINERY

- Deco 2000 10 A
- Deco 2000 13 A
- Deco 2000 20 A
- Deco 2000 26 A
 - Capacity: 2 – 32 mm
 - Number of axes: 10
- Brother TC31 a 4 Axes
 - X – 350 mm
 - Y – 250 mm
 - Z – 350 mm
 - With pallet and divisor Lehmann
- TrueLaser Station 5004

ACTIVITY

- AUTO INDUSTRY
- MEDICINE
- COSNTRUCTION
- MECHATRONICS
- MICRO MECHANICAL
- ASSAMBLY
